

TECHNICAL SERVICE INFORMATION

introducing:

Pulita-Pure Klean*

THINK  GREEN  THINK PURE KLEAN

F.D.A. Compliant Coating and Ink Cleaner

Designed for all graphic arts water based chemistry applications

- Components meet F.D.A. requirements for indirect food contact and sanitizing applications.
- Ideally suited for food packaging printers, and all traditional printing processes.
- **Environmentally safe, ZERO VOC, and no ozone depleting substances.**
- Meets U.S. and Canadian clean air regulations.
- Non-flammable and non-hazardous user friendly green formula.
- Will not affect the surface of photo polymer printing plates.
- Will allow for complete cell release and restoration of anilox rolls.
- Will improve transfer from offset printing blankets and photo polymer flexo plates.
- Will prevent coating or ink build up in chamber doctor blades systems.
- Highly recommended for hot tank or ultia sonic cleaning units.
